INDEPENDENT AUDITOR'S REPORT

To the Members of KANARA CHAMBER OF COMMERCE & INDUSTRY

Report on the Audit of Financial Statements

Opinion

I have audited the accompanying financial statements of 'KANARA CHAMBER OF COMMERCE & INDUSTRY', MANGALORE-575001, registered under sec. 8 of the Companies Act 2013, which comprise the Balance Sheet as at 31st March, 2024, the Statement of Income and Expenditure for the year ended and cash flow statement for the year, and a summary of significant accounting policies and other explanatory information.

In my opinion and to the best of my information and according to the explanations given to me, the aforesaid financial statements together with the other explanatory information gives the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;

- of the state of affairs of the Company as at 31st March, 2024;
- its Excess of Expenditure over Income for the year ended on that date,
- its Cash flows for the year ended on that date.

Basis for Opinion

I conducted my audit in accordance with the standards on auditing specified under section 143(10) of the Companies Act, 2013. My responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of my report. I am independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to my audit of the financial statements under the provisions of the Act and the rules thereunder, and I have fulfilled my other ethical responsibilities in accordance with these requirements and the code of ethics.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, were of most significance in my audit of the financial statements of the current period. These matters were addressed in the context of my audit of the financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Chamber as it is unlisted and Sec. 8 Company.

Information other than the Financial Statements and Auditor's Report Thereon

The Company's Management is responsible for the preparation of the other information. The other information comprises the information obtained at the date of this auditor's report, but does not include the financial statements and auditor's report thereon.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained during the course of my audit or otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Rules, 2015, as amended.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, I am also responsible for expressing my opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. I consider quantitative materiality and qualitative factors in (i) planning the scope of my audit work and in evaluating the results of my work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India under Section 143(11) of the Act, is not applicable, I am not making any comment under the said Order.
2. As required by Section 143(3) of the Act, I report that:

 - f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in my opinion and to the best of my information and according to the explanations given to me:

- c) Based on audit procedures considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-paras(a) and (b) above contain any material misstatement.
- vi. No Dividend covered by section 123 of the Companies Act,2013 was declared or paid during the year by the company.

NOTE 16

I) SIGNIFICANT ACCOUNTING POLICIES

A. Basis of preparation of Financial Statements

The financial statements are prepared under historical cost convention, in accordance with the Generally Accepted Accounting Principles (GAAP), the provisions of the Companies Act, 2013 including the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles ('GAAP') requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

C. Property, Plant & Equipment, Borrowing Costs and Depreciation

Property, Plant & Equipment are stated at cost of acquisition (including directly attributable costs such as freight, installation, taxes, duties etc.) or construction, or their corresponding revalued amounts less accumulated depreciation/amortization.

Borrowing costs directly attributable to acquisition or construction of those fixed assets, which necessarily take a substantial period of time to get ready for their intended use, are capitalized.

Depreciation on Property, Plant and Equipment is provided, based on the Written Down Value ('WDV') using useful lives as base. The useful lives of various tangible assets are as under:

<u>Assets</u>	<u>Rate of Depreciation(%)</u>	<u>Useful Life (Years)</u>
Building	4.87	60
Computer	63.16	3
Electric Fittings	25.89	10
Furniture & Fittings	25.89	10
Generator & Inverter	25.89	10
Office Appliances	45.07	5
Plant & Machinery	18.10	15
Vehicles	25.89	10

If the management's estimate of the useful life of a fixed asset at the time of acquisition of the asset or of the remaining useful life on a subsequent review is shorter than that envisaged in the aforesaid Schedule, depreciation is provided at a higher rate based on the management's estimate of useful life/ remaining life. After the completion of the useful life, assets are carried at nominal value till disposal.

Assets costing less than Rs 5,000 are fully charged to the profit and loss account in the year of acquisition.

D. Impairment

Property Plant and Equipment are reviewed for impairment whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. An impairment loss is recognized in the Statement of Profit and Loss if the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is the higher of an asset's net selling price and value in use. An impairment loss recognized on asset is reversed when the conditions warranting impairment provision no longer exists.

E. Investments

Investments that are readily realizable and intended to be held but not more than a year are classified as current investments.

All other investments are classified as long term investments.

Long-term investments are carried at cost. Provision for diminution is made to recognize a decline, other than temporary in value of long-term investments and is determined separately for each individual investment. Current investments are carried at lower of cost and fair value, computed separately in respect of each category of investment.

The cost of investment includes acquisition costs such as brokerage, fees and duties.

F. Revenue Recognition

The company generally recognizes revenue on accrual basis. However, where the ultimate collection of the same lacks reasonable certainty, revenue recognition is postponed to such extent.

Sales are recognized when all substantial risks and rewards of ownership in the goods are transferred to the buyer and no significant uncertainty exist regarding the amount of consideration as per the terms of the contract and are recognized net of trade discount, sales tax and other relevant taxes.

Interest income is recognized on time proportion basis. Dividend income if any is recognized when the right to receive the dividend is established.

G. Provision, Contingent Liabilities and Contingent Assets

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are not provided for unless a reliable estimate of probable outflow to the firm exists as at the Balance Sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best management estimates. Contingent assets are neither recognized nor disclosed in the financial statement.

REASONS FOR VARIATION IN RATIOS ABOVE 25% DURING THE YEAR ENDED 31/03/2024:

Current Ratio:

Under Current assets during the year the Fixed deposit shown under cash Cash and Cash Equivalents has been shifted to Non-Current investments to match the life membership fee collected under membership and journal subscribers. In the section for other current assets, we noticed a significant increase in interest receivable at the end of the year. Additionally, an advance payment was made for the installation of a sound system in the Chamber Building. These factors have contributed to a noticeable variation in the ratio.

Return on Equity Ratio :

There is a deficit of Rs.1,38,421/- as compared to surplus of Rs.9,71,296/- last year. Hence there is a considerable variation in the ratio

Net Capital Turnover Ratio:

The average working capital is considerably reduced in comparison to last year and increase in Revenue in the current year. As a result, there is a variance in the ratio.

Net Profit Ratio;

The answer to this variance is fully explained in the above particulars under "Return on Equity Ratio".

Return on Capital Employed:

Here again the variation is attributable to the reasons explained under the particulars "return on equity ratio".

19. Disclosure under Exceptional Items of Expenses :

KCCI has taken up renovation of the building by giving emphasis for a face lift for the existing building. In order to avoid leakage of roof/terrace they have extended additional roof and enhanced the ambience of the frontage, compound wall, flooring and replaced several old electrical fittings with new elegant electrical fittings. During the course of renovation the existing portion of the entire building was painted after minor repairs. Taking into consideration the portion of the capital improvement and the component of current repairs, a sum of Rs. 22,20,592/- & Rs. 95,580/- was capitalized to the building and to the Electrical fittings respectively. The sum of Rs.32,12,922 was treated as current year's revenue expenditure.

A sum of Rs. 9,50,000/- earmarked as per Clause 18 of Other Explanatory Information of KCCI for the year ended 31.03.2023 has been transferred to Income & Expenditure to apply the same for meeting the renovation/, refurbishment expenditure incurred during the year.
