There are a lot of initiatives that have been started by our past presidents and he is of the same opinion and would like to take it further. Socio-economic growth is the key focus and we have to make our city more conducive for businesses to start. We should promote manufacturing and IT set ups. Give boost to tourism- beach, medical, and religious tourism. We have a big pool of talent which we lose after they finish their education and we should work towards retaining them in MANGALURU. For this we need to create opportunities and to create opportunities, we have to make sure newer entrepreneurs come forward, and we should encourage them and be their support.

While trying to achieve all this, we also need to look at a growth, which is sustainable. The city should provide proper infrastructure with all basic civic amenities, and for this, we have to closely work with all the departments in synchronisation. Together we all have to work and build Brand MANGALURU and he seeks everyone's support in this.

KCCI extends its heartfelt gratitude for the continuous support of its members, stakeholders, and the media. They eagerly anticipate active participation and comprehensive coverage of all the Chamber's programmes and initiatives throughout the upcoming year.

Yours sincerely,

FOR KANARA CHAMBER OF COMMERCE AND INDUSTRY
